

**Provision of personal information to third parties in connection with notices of detailed medical care costs and price differences for generic drugs**

YG Health Insurance Society

Under the Act on the Protection of Personal Information, personal information cannot in principle be provided to third parties without the consent of the individual in question. However, for use of personal information within the scope required for ordinary operations beneficial to the insured person, including payment of insurance benefits, or actions for which obtaining explicit consent would impose significant burdens on the health insurance society and may be unreasonable from the point of view of the insured person, implied consent may be obtained by posting such intended uses on a website. If you do not agree, please contact us.

Accordingly, we ask for the understanding and cooperation of our members with regard to the following purposes of use and related matters:

1. Purpose of use

To make available on a website details of medical care costs and price differences for generic drugs for each household

2. Items of personal information provided

Items appearing on medical cost details, Application Forms for Medical Care Expenses, and Notices of Payment Decision of Insurance Benefits

3. Subcontracted operations

The Society subcontracts to outside vendors the provision of various services, including those allowing insured persons and others to access and view on a website information such as details of medical care costs and price differences for generic drugs, and the operation and management of the relevant website. Nondisclosure agreements and all other appropriate measures are taken with regard to such outside vendors to ensure the confidentiality of this personal information.

#### 4. Society staff member responsible for managing personal information

The Managing Director
